Design | Video Editing

PROJECTS

Star Wars

- **Created a 3D model of a Star Wars spaceship using Unreal Engine**, including texturing, lighting, and animating. Integrated pre-built Star Wars characters into the scene, ensuring seamless animation and realistic effects.
- Project Output :- View this [Star War Project](#).

SpaceShip 3D Animation

- **Created a spaceship animation in Unreal Engine** using a downloaded 3D model, demonstrating proficiency in animation sequencing, camera work, and real-time rendering techniques.
- Project Output :- View this [Space Ship](#).

AirPods Ad

- **Created a complete 3D model of an airpods** using Blender, including texturing, lighting, and animation to bring the model to life.
- Project Output :- View this [AirPods Ad](#).
- **Created a logo Animation** using Adobe After Effects.
- **Created a Shoe Advertisement** using Adobe After Effects.
- **Created a Motion Graphics** using Adobe After Effects and PhotoShop.
- **Created Poster Design, illustration art** using Adobe Adobe Illustrator and PhotoShop.
- Other projects :- [Portfolio](#)
